Shakespeare on tape.

An Academic and Theatrical Approach to Twelfth Night and other Plays.

Sussex Tapes International presents Shakespeare specialists — scholars and actors — in readings and discussions of 10 Shakespeare plays.

Let your students listen to British Shakespeare scholars comment on the elements that make *Twelfth Night* a major achievement of Shakespearean comedy.

Then hear Sir Michael Redgrave, playing Malvolio, lead a distinguished cast of actors in discussions and rehearsals of three key scenes.

Each tape in the Sussex Shakespeare Series combines the rigor and broad background of the scholar with the skill and subtlety of the experienced actor, the two approaches complementing one another.

Plays in the series include *Coriolanus*; *Hamlet*; *Macbeth*; *Othello*; *The Tempest*; *Antony and Cleopatra*; *King Lear*; *Measure for Measure*; and *The Winter's Tale*.

Students of English Literature may also find the *Sussex Approach to Criticism Series* of interest — 10 tapes offering an introduction to advanced techniques of criticism.

On each tape in the series, two leading critics provide a close analysis of a single literary work, followed by a more general discussion of the author or literary school.

A booklet containing a summary of the discussion, study questions, and bibliographic notes accompanies each tape. Sussex Tapes are produced in Great Britain at the University of Sussex.
